Affiliated to Anna University & Approved by AICTE, Accredited by NAAC

PUBLIC TRANSPORT

The institution is located just 1.2 km from Coimbatore – Ooty main road and the public transport is available for students and teachers. The institution provides bus facilities for students and staffs plying from different locations and routes for safety and security.

PEDESTRIAN FRIENDLY ROADS

The college is surrounded by wide pedestrian pavements all around. Inside the college wide walking track and ramp is available. The road inside the campus is pedestrian friendly to travel safely and freely in the campus. Personal cars and the college buses are provided with parking space in the college.

PLASTIC FREE CAMPUS

The college has taken particular care to make the campus plastic free. The usage of plastics in the campus is generally less. In particular, in canteen and hostel mess, the use of plastics is normally avoided. Even in the canteen usage of steel plates/ leaf plates and steel cups or paper cups are mandatory. Students can make use of the water cooler to refill their water bottles and are advised not to use plastic bottles.

PAPERLESS OFFICE

The College gives emphasis on paperless office to save carbon emission in printers. The office staffs have been provided with adequate computers and commendable part of the official records are maintained through soft copies. Usage of papers is very minimum and not wasted. Reuse of one –side paper printouts is also being done. Wherever possible, the communications are sent through email. Most of the work is paperless as college has been utilizing Rovam software.

GREEN LANDSCAPING WITH TREES AND PLANTS

Carbon dioxide is neutralized on the campus by planting different varieties of trees and plants. Sewage Treatment Plant (STP) & Reverse Osmosis (RO) plant are installed and the treated water from STP and wastewater from RO Plant are used to water the plants in the garden. A number of trees exist at different places in the campus. Some plants are guarded by tree guards and sprinkler irrigation system is provided for water to plants. Buildings and sidewalks inside the campus are well hedged with trees and lawns. The NSS units and sport department of the college, plant tree sapling in and around the campus during special events and occasions to make a greener and carbon neutralized campus.
