About NSS

The National Service Scheme is a public service program conducted by the Ministry of Youth Affairs and Sports. Every year, NSS day is observed on September 24 across India. The National Service Scheme was launched in 1969, the birth centenary year of Mahatma Gandhi in 37 universities involving 40,000 students.

The scheme was kicked off by the then Union Education Minister VKRV Rao at 37 universities across all states on September 24, 1969. It has now been extended to all the states and universities of the country.

History of National Service Scheme:

The University Grants Commission (UGC) that was headed by S Radhakrishnan, had recommended the introduction of voluntary national service in academic institutions post-independence. In the year 1952, the government emphasized the requirement of social and labour service by Indian students for a year.

In 1958, Prime Minister Jawaharlal Nehru considered the idea of social service as a prerequisite for graduation in his letter to all chief ministers. He also instructed the Ministry of Education to form a competent scheme.

Significance of National Service Scheme

The National Service Scheme (NSS) is a central sector scheme of the government of India, Ministry of Youth Affairs & Sports. It allows the students of 11th & 12th Technical Institutions, graduate & post-graduate at

VIP FEEDBACK

An NSS volunteers places the “Community” before “self”. This is part of the third dimension of education, namely, value education, which is becoming increasingly important. NSS volunteers of SSEC have been making very valuable contribution to the society. Besides developing their own personality.

STUDENTS FEEDBACK

The **blood donation camp** and all the good work done by the volunteers is just so soothing and satisfied. Helping the poor and needy gave us a soul-satisfaction which we never felt before. Seeing smile on others face gave us a energetic-motivation which will push harder towards helping others globally. And we learnt many life lessons through NSS Camp which will take many hours to elaborate. Thanks to our management for providing such a wonderful opportunity and we feel great to be a part of this camp.

STUDENTS FEEDBACK

As Iam varun studying in CSE Department in SSEC, In our NSS Camp we learn particularly about the “TIME MANAGEMENT” and had good experience in field work it is very useful and helpful for me to work in all vertical.

STUDENTS FEEDBACK

There were many incident which I would like to talk in this stage but this one is the closet to my heart. Day of the camp was a visit to individual houses of the village (the outskirts of velliyangadu) and the task is to clean the surroundings of the village. We started in groups after some time a very old lady (in her late 70's or early 80's) came up to me with a very polite request that can I teach her how to write her name. I did teach her that and

when she finally scribbled her name “NITHYA DEVI” she hugged me and the smile on her face.

STUDENTS FEEDBACK

NSS IS NOT ONLY A SERVICE UNIT. It is a platform to develop our skills and we have learnt how to speak with different people's. We have learnt the importance of the term “SELFLESS SERVICE” towards the society and had gained all the indirect benefits for our personal growth.

STUDENTS FEEDBACK

After joining the NSS camp I have got exposure to the real problems of the country at grass root level and I got a sense of satisfaction for the first time in life. I got to look and experience an event from all perspectives, be it logistics, management, hospitality, official work involved, publicity and most importantly I have developed a lot of patience during the NSS camp.
